Lease Types

FleetPlus offers customised, scalable and cost-effective options which can be customised to your organisation's fleet needs and business goals.

Operating Lease

An Operating Lease offers a fixed monthly payment which covers the leasing of your vehicles. You don't build equity in your fleet, however your organisation can claim the full lease expense and running costs as a tax deduction. End of lease options include - extending the lease, upgrading to a new vehicle, returning the vehicle to FleetPlus or purchasing the vehicle.

Novated Leases for Employee Salary packaging

FleetPlus can help you reward and keep your quality employees with a tax-effective Novated Lease which can maximise their salary.

Finance Lease

With a FleetPlus Finance Lease your organisation makes tax-deductible, fixed monthly repayments and a set residual amount to own the vehicle at the end of the lease. Other end of the lease options include extending the lease, upgrading to a new vehicle or handing the vehicle back to FleetPlus.

Choose the convenience of a fully maintained Finance or Operating Lease with all vehicle running costs - including fuel, maintenance, registration, insurance and tyres - included in the one monthly payment.

Frequently Asked Questions

How many vehicles do I need to justify Fleet Management?

We manage fleets ranging in size from ten vehicles, to hundreds. FleetPlus can review your fleet management practices to ensure that you are getting the best return on your assets, while also managing your vehicles in the most efficient way possible.

What if we already have a fleet of business vehicles?

Our 'Sale and Lease Back' option is a great way to inject funds back into your organisation. We can purchase your current vehicles and lease them back to you for one, fixed monthly payment.

Can fleet management make my fleet more efficient?

With FleetPlus telematics delivered via the "LogbookMe" GPS electronic logbook App, your fleet's performance can be monitored, analysed and fine-tuned. With detailed reporting available 24/7 FleetPlus can help identify areas where efficiencies can be gained.

Who looks after the fleet maintenance?

FleetPlus can manage all ongoing vehicle servicing and maintenance at a very competitive price, to ensure vehicles are kept in peak condition to eliminate unscheduled downtime.

How to Apply

FleetPlus offer a fast, easy credit application process and we can guide you every step of the way.
